PARKING

There will be limited parking available in Duleek Bellewstown & District Community Facility. First come first served. Car park will close 30 minutes before race. **We encourage people to car pool if possible, to allow for maximum people being able to park on site.** There is plenty of overflow parking in the local village and in the industrial estate which is approx. 1.5 km from the start line and 2k from race HQ, but be sure to give yourself enough time to get to the start. **If you choose to park elsewhere, please respect the nearby housing estates/businesses and avoid blocking any driveways, yellow boxes and double yellow lines.**

BAG DROP

There is no bag drop and any belongings left will be at your own risk. However, we will be offering a "Top Drop" at the start line should you wish to wear warm clothing until the race starts. These will be brought back to the finish line where you can retrieve afterwards.

THE RACE

Race starts at 1pm sharp. The race will be chip timed. There will first aid available on the route and at the finish line. We will have marshals at various points along the route. **Please listen to any instructions they might give as they are there to ensure the safety of participants.** We will endeavour to limit/divert traffic as best as we can however this cannot be guaranteed so we please ask you to be aware of any turns/bends leading onto busier roads. In light of the recent bad weather some of the road surfaces may be uneven. Please be aware and take care of any hazards you may approach.

POST-RACE

There will be bottled water available after the race. Please dispose of the bottles in designated bins. We will also have complimentary sports massage from MOVEMENT & MOTION downstairs in our changing facilities. We are delighted to bring back our very popular post-race refreshments this year which will be served in the upstairs of our community facility where we will also have a small prize giving, **once all runners have crossed the finish line.** Prizes and categories below.
